

生物物理研究所学术报告

报告题目: Functional analysis reveals the biological underpinnings of predictive genomic signatures

报告人: Richard John Brennan Ph.D. DABT.

Diplomate of the American Board of Toxicology

地点: 所图书馆二层报告厅

时间: 2010年10月18日(周一)下午3:00

主持人: 杭海英 研究员

报告人简介:

- 2005 - Diplomate of the American Board of Toxicology**
- 1993 - Ph.D. in Chemistry “Novel Short-Term Tests for Environmental Carcinogens”,
University of Warwick, Coventry, UK**
- 1986 - B.Sc. (Hons.) in Biochemistry. 3rd year options in Receptor Biochemistry and
Genetic Engineering, University of Warwick, Coventry, UK**
